prelude

The diagram illustrates the front panel of a vintage stereo receiver. At the top left, there are two small circular indicators labeled "FM" and "AM". Below them is a vertical slider control labeled "EQ". To the right of the EQ slider is a horizontal bar with five frequency sliders, each labeled with a number: 60Hz, 100, 1000, 5000, and 8000. Further right is another vertical slider labeled "BALANCE".

In the center, there is a large rectangular area labeled "EFFECTS SELECT". This area contains three rows of controls. The first row has a label "REVERB" followed by a horizontal bar with four sliders. The second row has a label "TREBLE" followed by a horizontal bar with four sliders. The third row has a label "BASS" followed by a horizontal bar with four sliders.

To the right of the Effects Select section is a vertical slider labeled "MODULATION". Below it is a horizontal bar with five sliders, each labeled with a number: 100, 1000, 5000, 8000, and 10000. At the bottom right, there are two circular knobs labeled "C-DRIVE" and "L-FREQ".

At the very bottom of the panel, there are three large rectangular buttons labeled "Preset 1", "Preset 2", and "Preset 3".
